

# Premier Club

Sponsored by

September 2019

Premier Club Members,

School has started and some of the mornings have been really cool. It's only a matter of time before we start complaining about the cold weather. Let's hope we have a long and beautiful fall season. We deserve it!

Thank you to Dr. Jenny Furstenau who spoke at our August meeting. She gave us an update into new surgical procedures and treatments for our eyes. It was very "insightful."

**We need more people to sign up for the trip to Nebraska City!** As of this letter we only have 12 people going. If we don't get the required number of 33-35 people by September 15, the trip will be cancelled! You can find the complete itinerary below. We will be visiting some places in Nebraska City that I didn't know existed. It will be a full day that ends with the sampling of apple donuts and cider. If you know of anyone who might be interested in going, please give them the registration form. You do not have to be a Premier Club member to participate! Everyone is welcome!

Our next meeting will be on September 12 at St. John's Fellowship Hall at 9:30. We will have a representative from the Omaha Public Power District. They will be speaking on energy efficiency. We can all probably use an update on how we can conserve more energy. Usually it's easier than we think!

If you have someone you would like to invite to attend any of our meetings, please do so! Attendees do NOT have to have an account at the Bank of Bennington. (Of course, it would be nice but not required.) We hope that you find our speakers enjoyable and informative. If we can pass this experience along to others, great! Bring your friends and guests on September 12. We would love to have them.

See you on September 12!

*Dee Clark*
